“The Sunday Night Show That Changes Everything”

The DFW area Radio Station ratings have just come out and the DM Live Radio Show has been rated #1 in it's time slot for teenagers!

On behalf of DM Live and Youth-Net we would like to thank you and your youth for making this possible. Because of your efforts thousands of teenagers are listening to the Radio Show and hundreds are receiving help through the call-in HopeLine each week.

So now is the time to take advantage of this great outreach opportunity. For more information on how you and your youth can get involved and use this ministry tool to help reach lost kids in your area visit the Youth-Net website at www.youthoutreach.net
